Dear Rich,

Thanks so much for the great work and gift of reduced labor costs that you have offered here at the Ronald McDonald House of Chapel Hill. Your staff has been great to deal with, and we are especially grateful for the efficiency you were able to bring to the job, completing the project in about a third of the time we had anticipated. Please give my thanks to Terry, as well. We're very excited about this improvement to the House and the added comfort it will bring to our families.

The Ronald McDonald House of Chapel Hill provides a "home away from home" and other services and comforts to families of children who are receiving health care at area hospitals. The House offers physical comfort and emotional support in environments dedicated to the well-being of the whole family.

Thanks again for your help and support. We truly appreciate it!

Best regards,

A handwritten signature in black ink, appearing to read "Nancy Maeder".
